Follow signage to multi- storey car park 4 > use the last (eighth) floor

S7 - Station Vienna Airport

At this time you should better use another position because of construction machineries, which handicap the sight to the apron

Steps:

X

Lens:

250-400mm

Photo example:

Follow signage to B9 Hainburger Bundesstraße > use access to Fischamend > turn right after the underpass of runway 16/34 and some other 500m (at the gas station) > do another right turn on the next cross after 300m > park your car along this street in front of the ban of driving > footpath crossing the railway on the bridge and follow this small street to one of the big hills beside the fence

no

The position is perfect for photos of planes approaching runway 16 in front of Vienna's tower

Steps:

X

Lens:

150-200mm

Follow signage to B9 Hainburger Bundesstraße > use access to Fischamend > turn right at the first traffic lights in Fischamend (direction to Kleinneusiedl and Schwadorf) > ca. 50m in front of the place- name sign of Kleinneusiedl turn right and cross the railway > park your car in front of the ban of driving (you can find more possibilities to park your car in Kleinneusiedl) > footpath following the small asphalted street on a length of approximately 600m

373 - stop Kleinneusiedl

use this position to take photos of planes on runway 16/34 during the morning and in the afternoon of landing aircraft on runway 29

Steps: ✓ Lens: 150-200mm

Position 4

Schwadorf, approach runway 34

How to get there::

Follow signage to B9 Hainburger Bundesstraße > use access to Fischamend > turn right at the first traffic lights in Fischamend (direction to Kleinneusiedl and Schwadorf) > follow this street till you can see the airport fence on the right hand (after crossing rails some hundred meters after the end of Kleinneusiedl) > at the end of the airport fence turn left and park your car opposite of the chemistry concern > cross the main street and the rails to rest on the bicycle lane

Public transport:

373 - stop Schwadorf/ Schulgasse

Advantages:

Because of the fact that this position is on the southern end of Vienna Airport you cannot obey traffics using not runway 34 to land. The advantage of this photo position is, that you can walk down the bicycle lane in the direction of Kleinneusiedl in the morning, so that it is possible to spot the hole day

Follow signage to B9 Hainburger Bundesstraße > use access to Fischamend > turn right at the first traffic lights in Fischamend (direction to Kleinneusiedl and Schwadorf) > in the centre of Schwadorf turn right at the traffic lights and follow the main street for 4 kilometres > park your car beside the busstop and use the asphalted street (ban of driving) > turn left at the first gravel path and find a position of your choice (walking time ca. 20min!)

no

At this position you can take photos of planes just started on runway 29. You can use your bicycle to reach this position easier too.

Steps: **X** Lens: 350 - 500mm
